Programme for the

CORE Organic Research Seminar

29 November 2011, 9.00-17.00

AgroParisTech, 16 Rue Claude Bernard, Paris (Cedex 05)

9.00-9.10 Welcome by Scientific Director for Agriculture Hervé Guyomard, INRA Paris

9.10-9.30 A short introduction to CORE Organic, the new CORE Organic programme, mutual expectations and means of collaboration throughout the project

9.30-12.00 Presentation of the 11 COII projects, 10 minutes + 2 min questions:
Tilman-Org, Bio-Incrop, InterVeg, Softpest multitrap, Bicopol, Vineman.Org, HealthyHens, Icopp, ProPig, SafeOrganic, AuthenticFood, including break

12.00-13.00 Outcome of the CORE Organic I pilot projects 2007-2010/11:
COREPIG, ANIPLAN, PathOrganic

10 minutes answering the following questions:
• Your 2-3 main results (take home messages)?
• Who are your main end users and how have you reached them?
• In which countries can your results be used and how?
• Gaps in knowledge and new research questions generated?

5 min questions from appointed CORE Organic partner
5 min questions from audience

13.00-14.00 Lunch break

14.00-16.00 Continued: Outcome of the 8 CORE Organic pilot projects 2007-2010/11, incl. break
QACCP, AGTEC-Org, PhytoMilk, FCP, iPOPY

16.00-16.45 Lessons learned: Roundtable with 8 pilot project coordinators. Knowledge transfer from CORE Organic I projects to CORE Organic II projects

16.45-17.00 Chairman of the Scientific Council of Organic Agriculture and Head of INRA-SAD (Sciences for Action and Development) research division Jean Marc Meynard: French priorities in organic research.

17.00 Closure of the meeting
